Sfeervolle buitenzonwering voor een aangenaam woonklimaat

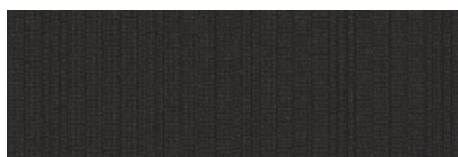

Outdoor Collection

Zonwering naar uw eigen smaak!

De zon is heerlijk, maar in huis moet het klimaat wel beheerst worden en op het terras willen we graag beschermd worden tegen al te felle zon. Met de juiste buitenzonwering kan de zon op een functionele manier beheerst worden,

én de uitstraling van terras en gevel worden bepaald. Buitenzonwering houdt het klimaat binnen prettig en laat u buiten genieten van sfeer en comfort. Sfeervolle buitenzonwering voor een aangenaam woonklimaat!

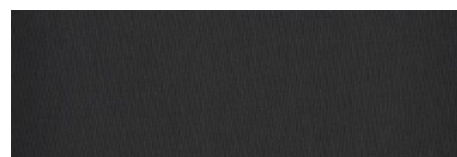

In deze brochure vindt u meer informatie over de (screen)doekcollectie van de Luxaflex® OutdoorCollection. U merkt dat deze collectie vele exclusieve en trendy doeken omvat, in diverse kleurgroepen. Met deze doeken geeft u uw huis een luxe en verrassende, eigentijdse uitstraling.

Screen Collection

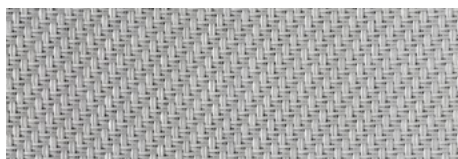

Elegantie in licht & warmteregulering

Zonwering is bij uitstek geschikt om het klimaat in huis te beheersen. Het buitenaanzicht mag hierbij niet vergeten worden. Screens zorgen ervoor dat het felle licht gefilterd wordt en beschermen zo het interieur tegen zon en

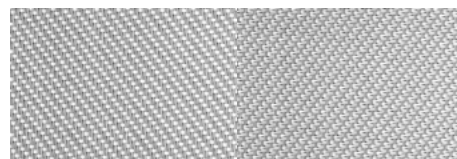

warmte. Naast mooie effen grijstinten, zijn er ook doeken met prachtige structuren. Uw favoriete woonstijl kan zo, op decoratieve wijze, van binnen naar buiten worden vertaald.
